

Entourage Setup in Mac OS X

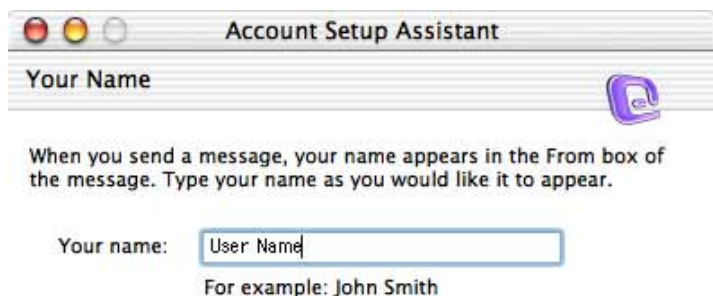

Click on the "Tools" menu and select "Accounts"

In the "Accounts" window which appears, click on **New** and select **Mail**

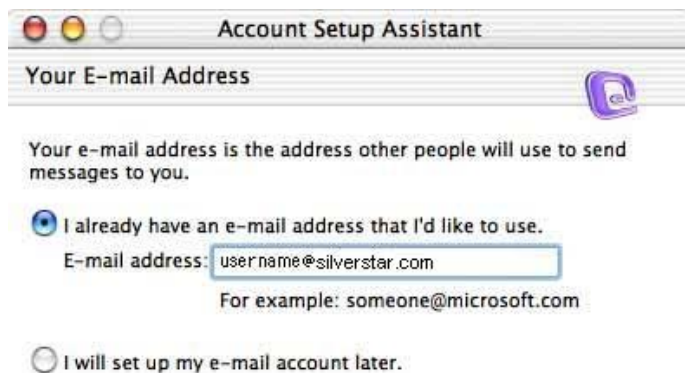

In the first "Account Setup Assistant" window, enter your **name** in the field provided. Then, click the right arrow to continue.

Click the right arrow to continue.

Next, select "**I already have an e-mail address that I'd like to use**" and enter your **silverstar.com e-mail address** in the field provided. Then, press the **right arrow** to continue

Click the right arrow to continue.

Next, select **"POP"** from the dropdown menu, as your incoming mail server is a POP server. Then, enter in the **incoming mail server and outgoing (SMTP)** mail server names:

Incoming mail server: pop.silverstar.com
Outgoing mail server: smtp.silverstar.com

Then, click the **right arrow** to continue.

Enter your **your full email address for the Account ID and password** in the fields provided. If you want to save your password, check the box. When you are finished, click the **right arrow** to continue.

The screenshot shows a window titled "Account Setup Assistant" with a sub-header "Account ID and Password". Below the header is a purple icon of a document with a lock. The main text reads: "Please type the account ID and password your Internet service provider has given you." There are two input fields: "Account ID:" containing "jsmith@silverstar.com" and "Password:" containing "*****". A note below the Account ID field states: "Note: The account ID is not your e-mail address. Typically, it is the text in your e-mail address before the at sign (@)." Below the Password field is a checked checkbox labeled "Save password in my Mac OS keychain" and another note: "Note: To receive messages without entering your password each time, select the Save password check box." At the bottom, there is a button labeled "Configure account manually" and a navigation bar with left, center, and right arrow icons. The instruction "Click the right arrow to continue." is positioned above the navigation bar.

Enter a name that Entourage can use for this group of account settings, and click **"Finish."** If you'd like this account to be included in the Send & Receive All schedule, check the box marked as such.
