

Quick Start Guide:

Setting up your Wi-Fi system (for DSL)

1

Locate your modem.

2

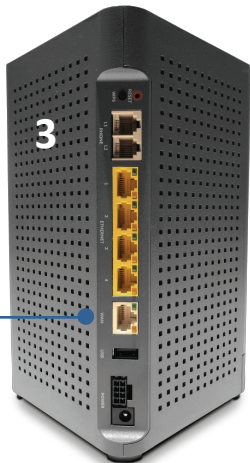

Plug your new BLAST router into a power outlet

3

LAN

WAN

3

Connect the Ethernet cable from the port labeled **LAN** on your modem/ONT to the port labeled **WAN** on your new BLAST router. Wait 10 minutes for your router to boot-up.

4

When completed, the LED light bar will be **solid blue**, letting you know that the internet connection has been established.

5

Refer to the Quick Start Guide for the Silver Star Home Zone app to set up your Wi-Fi.
