

Adding a text number to your account will let us keep you in the know about account happenings - like new offerings, your bill information, outage updates, and tips & tricks. You can opt out at any time and manage which things you'll get notifications for within the SmartHub portal.

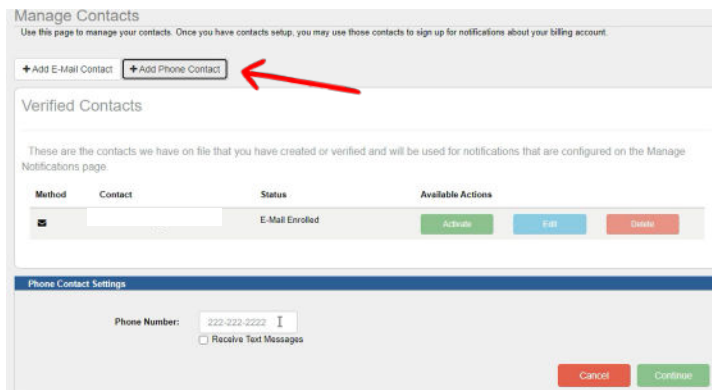

Step 1- Log in to your SmartHub account at silverstar.smarthub.coop:

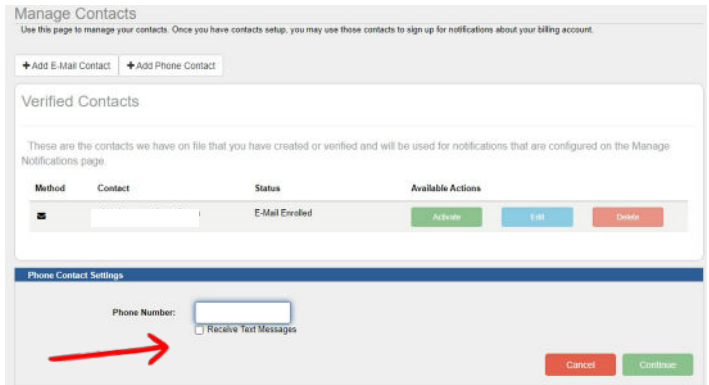

Step 2- Select “notifications” and choose “manage contacts” from the drop down.

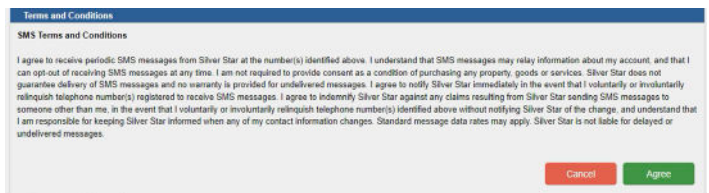

Step 3- you'll be able to “+Add Phone Contact.”

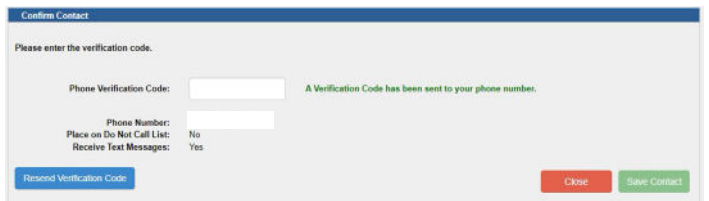

Step 4- input your mobile number, and select “receive text messages.” Hit continue.

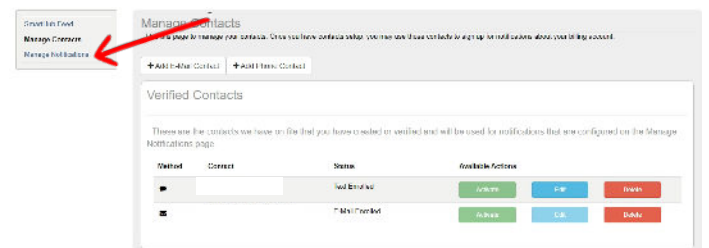

Step 5- Review the SMS Terms and Conditions. Select “Agree.”

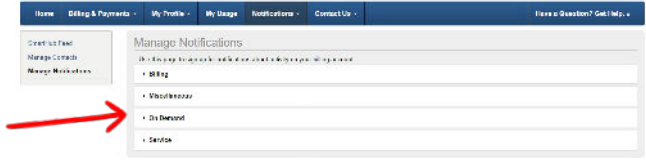

Step 6- SmartHub will send a phone verification code to properly pair your phone to your account. Input that code here, and select “save contact.”

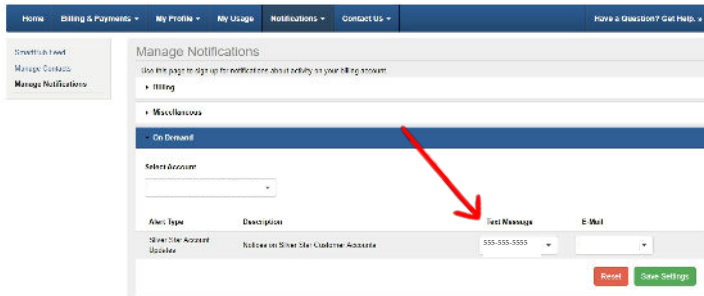

Step 7- Select “Manage Notifications.”

Step 8- Select “On Demand” from the Notification list.

Step 9- Use the “text message” drop down to select your newly added phone number.

Step 10- Save your settings.
